## U.S. TROOPS TO PROCEED TO BORDER

Co. G., N.G.C. Ordered to Yuma—Twelfth Infantry Under Orders For Instant Action

### CO. G TO ENTRAIN THIS MORNING FOR ARIZONA

Entire Regiment Ready For Service—Americans Flee From Torreon

EAGLE PASS, Tex., May 4.—Americans are fleeing from Torreon today because of General Orozco's advance on the city. Eight thousand rebels surround Torreon on three sides. It is reported that Federal General Huerta will make a final stand there. The present plan is to besiege, but not to attack the city.

CO. G, N.G.C., ORDERED YUMA—TWELFTH REGIMENT UNDER ORDERS MONTEREY, May 4.—Orders were received at the Presidio of Monterey late yesterday afternoon from the war department directing Company G, Twelfth Infantry, to embark on a special train this morning for Yuma, Ariz.

Later in the night other orders were received directing Colonel Bowen, commanding the Twelfth Infantry, to hold his entire regiment in readiness for active service on the Mexican border.

Company G was ready for the field in less than an hour after word had been received from Washington. The company is commanded by Lieutenant Guy E. Manning and is composed of seventy men. The regulation olive drab uniforms are being worn and each soldier is carrying field rations and several hundred rounds of ammunition.

Though the company did not embark on the train until 10 o'clock this morning it was marched from the barracks at the Presidio to a field near the railway station, where it went into camp for the night.

The receipt of these orders caused considerable excitement throughout the entire post and many rumors gained circulation. The orders stated at first that one company was ordered to the border, but it did not designate which of the twelve. There was immediately great speculation which company would be fortunate enough to be chosen.

## SIXTEEN LET OUT OF JAIL

I. W. W.'s Glad to End the  
Period of Their Supposed  
Martyrdom

At 10 o'clock this morning sixteen I.W.W.'s walked out of the county jail here, and they were mighty glad to go.

They were among those brought here as prisoners for San Diego county, where there is a free speech war on. Seven remain in the jail here, probably for further investigation by the federal authorities.

The sixteen men turned loose by Jailer Jernigan this morning were turned out on a written order sent here by District Attorney Utley of San Diego. The men are out on their own recognizance, and are supposed to appear at San Diego on May 27 for trial.

A Deserved Compliment  
The Santa Ana City Band, which was recently engaged to play on Friday night for one of the big Shriner parades in Los Angeles, has been invited to also play at Tuesday night's parade.

## "Mexicans Will Fight America To Last Ditch"

WASHINGTON, May 4.—If America intervenes in Mexico, every Mexican, rebel and federal, will unite and fight to the last ditch, according to L. Guiterrez de Lara, who traveled through Mexico with John Kenneth Turner, the author of "Barbarous Mexico." He is here to fight intervention. He predicted that Madero will resign within four months, saying:

"A crisis is expected with the coming battle of Torreon. The rebels have 14,000 well-armed and well-equipped men. It has been easy to smuggle arms from America. The federalists have 8000 men. The rebels will win. The stories that Americans are in danger in Mexico are lies. Only a few Americans are with the rebels, and these are mostly tramps or adventurers. I warn America in all friendliness that trouble will follow intervention."

WASHINGTON, May 4.—With the suggestion that the House Judiciary Committee shift the matter thoroughly, President Taft today transmitted to the House all the papers dealing with the claims against Judge Archbold of the Commerce Court.

The charges are the result of an attempt of certain progressives to force his impeachment on the basis of his business dealings with several railroads. The Department of Justice investigated the case.

## THINKS THAT HE DESERTED

A man believed to be a deserter from the U. S. S. Philadelphia had a narrow escape from arrest last night. As it is Constable Jackson has a bicycle whose owner he would like to locate, and a sailor's uniform.

Yesterday evening Constable Jackson heard that a young man was trying to sell a bicycle. Jackson listened to the man's story, and believed him when he said he wanted work. Jackson told him to get a room at Chamness, stay all night and this morning Jackson would get him a job. The officer took possession of the bicycle. The man left the bundle of clothes at the Chamness, and said he would return in a short time. He did not return, and when Jackson went to the Chamness to get the man to give him the job, the man was gone. Jackson opened the bundle and found that it contained a sailor's uniform, bearing the name Jack McElhenny, and on the cap was U. S. S. Philadelphia. Jackson is convinced that the bicycle was stolen. It is a Pierce, No. 142,683.

### COLLEGE PRESIDENT TO PREACH SERMON

Organ Recital and Evening in  
Honor of Visitors Have  
Been Arranged For

The new United Presbyterian church at the corner of Sixth and Bush streets will be dedicated on Sunday, May 19, with various services during the day. In fact, the week of May 19 may be called dedicatory week, for a number of events have already been planned by Rev. W. L. C. Samson, the pastor, and the trustees and other officers of the church.

On the Monday following dedication an organ recital is to be given by C. Percival Garrett, who will be the church's organist in charge of the fine \$5000 pipe organ, which is the gift of Andrew Getty in honor of his wife. On Tuesday evening of that week a reception and banquet will be given in honor of former pastors of the church and visitors who were formerly members of the church.

The dedicatory sermon will be preached by Rev. T. H. McMichael, D. D., president of Monmouth College, the United Presbyterian college at Monmouth, Ill.

Workmen have been cleaning up the debris along the edges of the streets, and the finishing touches are being put on the interior. The building and furniture, not including the pipe organ, cost \$30,000. The church will seat 1000 people in view of the pulpit.

The new church speaks worlds for the energy and devotion of the members of the United Presbyterian church. The new church home is an addition of which the city is proud.

## ALL WORKING FOR MARYLAND

Four Candidates There; Woodrow Wilson Opposes Chinese Immigration

BALTIMORE, May 4.—Colonel Roosevelt, President Taft, Champ Clark and Judson Harmon are personally fighting today in Maryland for delegates to the national convention. Taft left Washington at 8:30 a. m., and spoke through the day at Hyattsville, Laurel, Aberdeen, Elkton, Belair and Havre De Grace.

Colonel Roosevelt spoke at Westminster, Heymar, Hagerstown and Frederick. He closes his campaign tonight at Cumberland, returning to Oyster Bay tomorrow. Wilson is coming Monday for a state-wide tour.

TEDDY URGES MARYLAND  
TO GIVE FOUR OR FIVE TO ONE  
WESTMINSTER, Md., May 4.—"The people told me it was no use to waste time here," declared Roosevelt in an address here. "They said we will carry this section of Maryland anyway. But I don't merely want to elect delegates. I want you to give us four or five to one. We must poll three to one to win."

### WOODROW WILSON HAS DECLARED AGAINST CHINESE IMMIGRATION

SAN FRANCISCO, May 4.—In a telegram to former Mayor Phelan, Woodrow Wilson replies today to a dispatch from California voters asking his position on Chinese immigration. He says:

"I stand for a national policy of exclusion or a restricted immigration. The whole question is one of assimilation of diverse races. We cannot make a homogeneous population of those people who do not blend with the Caucasian race."

"The Orientals, with their standard of living and labor, would crowd out the white agriculturist. In other fields, the Japanese and Chinese coolies are a serious menace. The success of free democratic institutions demand of the people education, intelligence and patriotism. The state should protect against unjust and impossible competition. Renumeration labor is the basis of contentment. Democracy rests on the equality of citizens. Oriental coolism will give us another race problem. Surely we have had our lesson."

SANTA MONICA, May 4.—Clear skies and perfect atmospheric conditions provided ideal auspices for the annual motor classics. Thousands of people slept on the beach last night guarded by police, to enable them to secure points of vantage along the route. By 10 o'clock 60,000 people were in the stands, with thousands arriving hourly. The course is perfect, and all the drivers are reported in excellent physical condition.

Special trains and automobiles brought hundreds of Shriners among the advance guard. As fast as the eastern specialists reached Los Angeles, the visitors were rushed to Santa Monica. Although the roadways between Los Angeles and the beach were lined with a continuous stream of automobiles, no accidents were reported during the morning.

## Roosevelt Is the Only Hope For Preservation of Tariff

Because southern fruit-growers are interested in the tariff, the Taft orators and campaign managers have been making that subject the center of all their efforts at persuasion. The purpose has been to frighten the fruit and sugar men; to make them believe that the defeat of Taft would mean the lowering of the tariff.

In the speeches he is now making in this vicinity, Governor Johnson is knocking the tariff talk into a cocked hat. He does it by a straightforward, simple analysis of the situation. It is this: The Republican party believes in a tariff. The Democratic party does not. Therefore, if the tariff is to be maintained, the Republican party must win in the next campaign. If the Republican party is to win it must nominate a candidate whom the people will support. The people, in many states, have demonstrated that they will not support Taft. The only Republican who can be elected is Theodore Roosevelt. Therefore, the interests of the fruit and sugar beet growers lie with Roosevelt, because he is a Republican and the only Republican who can be elected. The nomination of Taft would not only spell defeat for the presidency, but it would mean the returning of another Democratic House of Representatives. The nomination of Roosevelt would mean, in all probability, the return of the Republicans to power in the House.

Those fruit-growers who have heretofore been inclined to listen to the Taft tariff harrangues have been quick to see the point.

## SMYTHE DENOUNCES ROOSEVELT, SOFT PEDALS TAFT

When on Thursday evening Gov. Johnson pointed out that the La Follette program in California is denouncing Roosevelt and applying the soft pedal for Taft he correctly described the La Follette policy and in doing so described the speeches of William E. Smythe, of San Diego, who last night addressed an audience of about 400 people at the Grand Opera House.

Smythe is a good speaker, and is known well by many here who remember him as the Democratic candidate for congress ten years ago. On the platform with Smythe were the officers of the local La Follette Club. Dr. J. E. Doyle introduced the speaker. A large portion of the speech was a repetition of what Smythe had to say here two weeks ago.

"It has been the habit of Gov. Johnson," said Smythe, "to have the band play 'The Star Spangled Banner' as he steps on to the platform. I would be better to have it play 'Every Little Movement Has a Meaning All Its Own,' and have Johnson explain that movement from La Follette to Roosevelt."

"Gov. Johnson said that La Follette is in this state to destroy its progressivism. If that were true, La Follette would be a hypocrite. The truth is that La Follette is the progressive. Sixty days ago Gov. Johnson and the Progressives were for him. Was Gov. Johnson right as to La Follette sixty days ago or now? No one knows better than Johnson that La Follette is not guilty of any attempt to injure progressivism."

"Last October Johnson did not know whether or not to give this state a presidential preference primary. He got a letter from La Follette urging him to give it. I think you may thank La Follette largely for having it. One standing in the San Joaquin valley and throwing water at Mr. Shasta would merely dirty his hands, and that is all that Gov. Johnson has done in his attack upon Bob La Follette."

"Johnson said last night that La Follette said that Roosevelt was 'the greatest living American.' Yes, La Follette said it. When did he change his mind? When he discovered that Roosevelt had violated his pledge not to accept a third term; when he violated his pledge not to run against La Follette; when the bosses declared for Roosevelt; when Roosevelt adopted Judge Gary's plan of handling trusts; when he discovered that the biggest slush fund ever raised for a pre-convention candidate had been raised for Roosevelt; when he found that the statement of Roosevelt's New York city expenses, filed in New York, showed the donors to be Perkins, \$15,000, Munsey, \$15,000, Cockran, \$15,000, and the plain people, \$341,755; when he found that Roosevelt's recall theory was such as to make Wall Street say 'Bully'; when he saw Oregon give Roosevelt the delegates and at the same time elected reactionary officers in the state. That is when he changed. I hope I have answered Gov. Johnson's question."

"California has scratched the surface of progressive principles in comparison to what Wisconsin has done. It is silly to say that La Follette's fight endangers California's progress. The laws are now firmly rooted, and cannot be damaged by any campaign such as this."

"Why is La Follette here? Because he wants to know if California overthrew the bosses in 1910 merely to set up new bosses. La Follette's progressivism is the kind that keeps over night. He would rather go down with the right than up with the wrong."

Here Smythe took up the line of argument followed at his former meeting here. He said that there is war on between the common people and dividends on watered stock, and declared that Roosevelt is the bait of Wall Street.

"Roosevelt says Taft is crooked and Taft says Roosevelt is not square and has not the element of squareness about him," said the speaker, "and we agree with both of them."

Reviewing La Follette's chances of nomination, Smythe said that more often than not it is the rule that the man who had no chance apparently before the convention wins at the convention. He said Roosevelt lacks 300 votes of enough to nominate and Taft 140. The La Follette and unattached delegates will hold the deciding votes. The problem facing the convention will be to save the Republican party. Millions will desert if either Taft or Roosevelt is nominated. The leaders will figure out that La Follette and nobody else can win.

As in his former address, Smythe contended that Roosevelt was backed by the steel trust, that he had supported it editorially, that Roosevelt's stand for the recall of judges is for the Massachusetts system, which is almost unworkable, that of the three candidates La Follette only takes a stand in favor of the recall of the United States Supreme Court, that Roosevelt has always been a standard-bearer on the tariff issue.

He said that watered stock is the curse of the nation today, that dividends on watered stock are made by lowering wages, reducing the standard of the product and raising the cost of living. He said that Roosevelt is on the side of watered stock. Smythe ended his address with a plea for votes for La Follette.

## J. J. ASTOR RESTS IN TRINITY CEMETERY

NEW YORK, May 4.—The body of Colonel John Jacob Astor, a victim of the Titanic disaster, was buried today beside his mother in Trinity cemetery. The funeral services were held at Rhinecliff-on-Hudson, Rev. Ernest Sievers officiating. The hymn, "Nearer, My God, to Thee," was omitted from the services, the relatives fearing it might cause the collapse of the widow.

Mrs. Ava Willing Astor, the Colonel's divorced wife, did not attend the services, although especially invited to do so by the present Mrs. Astor. The family will assemble this afternoon to hear Astor's will read.

## COUNTY Y.M.C.A. FREE FROM DEBT

Burned Last Note Yesterday at  
Convention in Session at  
Garden Grove

The sixth annual convention of the Young Men's Christian Association of Orange county is being held in Garden Grove Friday and Saturday. The sessions yesterday afternoon and evening were well attended and contained much of interest. The convention is still in session. The afternoon session was in charge of the chairman of the county committee, Mr. Geo. B. Key, of Placentia. Reports from local associations throughout the county show progress has been made during the past year. The feature of the afternoon was the report of the county officers, the chairman and treasurer. The latter's report showed that all indebtedness of the committee had been cleared away and that a small balance remained in the treasury. The unsatisfactory situation was shown at the lack of knowledge of the committee of how to deal with a report showing a balance on this side of the books. The spirit of thankfulness was expressed by Mr. T. J. Wilkie, known as "Father Wilkie," who had the honor of starting the Y.M.C.A. work in Orange county, who in well chosen words led in prayer for the splendid results of the year's work. This satisfactory financial ending of the work of the year is due to the work of the state financial secretary, Mr. E. L. Jones, the chairman of the finance committee, Mr. Harry W. Lewis, the treasurer of the county committee, Mr. W. B. Tedford, the county secretary, R. J. Hamilton, the state secretary of county work, Mr. H. R. McRae, and

## S. A. H. S. STUDENTS HAVE NEW LAWS

Adopt New Constitution That  
Puts Students More on  
Their Honor

An interesting meeting of the student body of the high school was held yesterday morning. In accordance with the motion passed at the last meeting, the school song, written to the tune of "Aloha," by a former student of Santa Ana High School, Miss Virginia Gilbert, was sung. It was announced that Miss Mabel Mansur had won the silver cup offered by Mr. Padgham to the winner of the girls' tennis tournament, and that Lowell Foutz had won the fine racket offered by Mr. Livesey to the winner of the boys' tournament.

Wednesday afternoon, the baseball team plays Anaheim. This game will decide the championship of the county.

Next Friday night the Santa Ana debaters will journey to Fullerton. Santa Ana's representatives are Leabel Smiley and Dean Bates. If the local speakers win it will mean that the county league cup will come to Santa Ana this year. Both Miss Smiley and Mr. Bates are experienced debaters and have done good work and will put up strong arguments for the cup.

**Adopted Constitution**

The new constitution, unanimously adopted yesterday morning shows many changes and improvements over the old one. The purpose of the new constitution is to promote the general welfare and encourage loyal support to all school activities. Among the interesting features are the provisions made for the recall and for the party campaigns, for under the new system all student body elections will be controlled by two or more parties. Each party will hold its party caucus and conduct its own campaign. Nominating conventions will be held in which any student may be nominated for office. The officers of the election are appointed by the school principal, two being chosen from each party. The balloting will be very similar to that of the Australian system. No officer will serve more than two terms for any one office, and in case of mismanagement in his department, or failure to do his duty, may be recalled by a two-thirds vote of the student body. The signatures of ten per cent of the students are necessary to bring the matter to a vote. The officer being recalled and the students will each have an opportunity to state their views on the ballot in not more than one hundred words. The students also have the power to suspend any student for misconduct.

The new constitution gives the student body more power and places it more on a self-governing basis; it puts more trust and confidence in the students and places them more on their honor.

**Buys Improved Farm**  
The forty-acre ranch adjoining the town of Stanton, Orange county, owned by W. H. Kennedy, was sold recently to B. R. Shim, formerly of Payson, Ill., through the agency of Bryan & Bradford, for a consideration of \$30,000.

The property is improved with a six-room bungalow and a fine irrigation system, the land being planted to Valencia oranges and alfalfa.

This enterprising firm reports an active demand for property and they have several deals pending that will, when announced, prove of interest to Orange county residents.

**Eager to Please**  
"I want you to see if you can't find out that I am descended from a king," said the man who had become suddenly rich.

"Very well, sir," replied the genealogist. "We have a large stock of Kings."

## COMMERCIAL HIGH SCHOOL AFFAIRS

It was a merry party that wended its way Wednesday afternoon from the Commercial High School to the spacious parlors of the Dragon. The occasion was the treat of Professor Hughes to the debaters who scored a victory Tuesday in the simultaneous contest with the Scientific High School upon the question, "Resolved, That the President of the United States should be elected by the direct vote of the people."

The party consisted of Bennie Osterman and Nettie Crutchfield, affirmative; Eva Ninninger and Irene Waltz, negative, led by their teacher, Mrs. Webber, and Professor and Mrs. Hughes. The young people were complimented upon their recent achievement which, it is hoped, will be an inspiration to greater efforts in debating, as this line of training is quite essential to the success of the business man or woman. The happy hour was concluded with a toast to Mr. and Mrs. Hughes in appreciation of the enjoyable event.

The Volley Ball team played Fullerton High School on last Thursday afternoon. The game was a very close one and resulted in favor of Fullerton, which was due to the want of team work on the part of Santa Ana. The tables will probably be turned at the return game. Mr. Hughes can develop a winning team.

## SUNDAY REST RALLY ON FOR TOMORROW

Tomorrow morning at the First Presbyterian church of this city, Dr. G. L. Tufts of Berkeley, who is chief spokesman for the Sunday rest movement now on in the state, will speak upon the subject: "The Sabbath an Essential to the Public Welfare."

At night he will address a union meeting of all the churches of Orange, to be held at the First Methodist church.

The bill which will be submitted to a vote of the people at the November election, Dr. Tufts says, will be practically a six-day law, providing one day of rest in the week for every laborer. He claims that it will be to the advantage of the employer on the ground that a six-day laborer is worth more than a seven-day laborer, because those having a weekly rest day can do more and better work than they could working all the time. That it will be to the advantage of the employee, as by resting one day of the week he will live ten years longer on the average. That it will benefit the home life and society in general by promoting public health and public morals.

## PLURAL AND SINGULAR

We'll begin with a box, and the plural is boxes.

But the plural of ox should be oxen, not oxes.

Then one fowl is goose, but two are called geese.

Yet the plural of mouse should never be meese;

You may find a lone mouse or a whole lot of mice.

But the plural of house is houses, not hices.

If the plural of man is always called men,

Why shouldn't the plural of pan be called pen?

The cows in the plural may be cows or kine,

But a bow if repeated is never called bine.

And the plural of vow is vows, not vine.

And if I speak of a foot and you show me your feet,

And I give you a boot, would a pair be called beet?

If one is a tooth and a whole set are teeth,

Why shouldn't the plural of booth be called beeth?

If the singular is this and the plural is these,

Shouldn't the plural of kiss be nicknamed keese?

Then one may be that, and three would be those,

Yet hat in the plural would never be hose,

And the plural of cat is cats, not cose.

We speak of a brother and also of brethren,

But though we say mother, we never say methren.

Then masculine pronouns are he, his and him,

But imagine the feminine, she, shis and shim.

So the English, I think, you all will agree,

Is the most wonderful language you ever did see.

—Penny Pictorial.

Gave Him the Limit

"I'm licked!" sobbed the hobo, beating an undignified retreat from the back door at which he had bummed a handout.

"How do you mean—licked?" chorused his comrades. "Did she hit you with a brick?"

"Worse'n dat."

"What? She didn't 'row water on you?"

"Worse'n dat, fellers."

"What? Not bollin' water?"

"Even worse'n dat yet."

"Dere ain't nothin' worse."

"Yes, dere is. She 'trowed soap-suds on me."—Cleveland Plain Dealer.

## If You Were an Expert, What Car Would You Buy?

The time has passed when automobiles can be sold to you on their appearances or claims. This is a day when you and every purchaser must be shown what the car for which you pay your money will actually perform; what it will do. Beware of an automobile salesman who attempts to beguile you with a pleasing story. Tell him to show the goods and *prove* to you that his cars are worth the money. Find out whether his car is a real car or only an assembled automobile built to sell.

You have a right to your money's worth, but it is up to you to see that you get it. Deeper than all appearances, there are a few expert tests which ought to be applied to every car.

Who makes the car? Is it an assembled car or made from top to bottom by one manufacturer? What kind of a guarantee is on it? Does the manufacturer respect his own product with a real guarantee, or does he want you to take the chance? What do parts cost you and how conveniently can you get them? How many cars of this make are in service and how many are giving satisfaction? Questions like these go deep into the heart of the case, and if you put them rigorously upon any car you will find out with a certainty whether or not that car is worth its price.

We are selling Studebaker E-M-F "30" and Flanders "20" cars because we know that, dollar for dollar, their equal is not sold in the market today. The records of many thousands of cars in all kinds of service have convinced us absolutely. Studebaker E-M-F "30" and Flanders "20" cars are built to run, and because they run they sell. If we cannot prove to you under the most searching test that Studebaker cars are absolutely the best automobile values in the market, we do not want your business; but we can prove it, and your neighbors who drive these cars will tell you the same thing.

Be an expert when it comes to buying a car. You can, by getting from us some further ideas on real tests of an automobile. Clip the attached coupon and send it to us now because we have something new to tell you which you ought to know, whatever car you have in mind.

## NEWSPAPER PROBLEMS SUBJECT OF BULLETINS

First of New Series of School of Journalism Deals With Laws Affecting Publishing

The University of Missouri, through the School of Journalism, has begun the publication of a series of bulletins, for free distribution, dealing with various phases of newspaper work. These bulletins are not to be catalogue announcements of the school, but discussions of actual newspaper problems, especially the problems that confront the country, or county, editor.

The first of the series, which has just been published, is a compilation by Dean Walter Williams of the Missouri laws relating in any way to newspapers. All such provisions of the Revised Statutes and the Constitution have been brought together and classified in a form convenient for reference. Wherever possible, the law is presented in brief, compact form, stripped of its legal verbiage, so that the reader can readily grasp the salient facts. The legal laws are included, and a separate section is devoted to the correct forms for all the legal advertisements authorized by the Statutes. The bulletin is thoroughly indexed.

Other bulletins in preparation by the teaching force of the School of Journalism are: "Getting the News for the County Weekly," by Charles G. Ross; "Retail Advertising in Newspapers," by Joseph E. Chasoff; "Newspaper Correspondence," by Frank L. Martin. The series is edited by Mr. Ross.

The University will send copies of these bulletins as they are issued, to anyone interested in newspaper work. Address Walter Williams, School of Journalism, Columbia, Missouri.

## ARE VERY GLAD THEY CAME TO CALIFORNIA

Mrs. Rueben Bradley of East Santa Clara avenue tells the Register of a recent letter from her son in Buffalo Park, Grove County, Kansas. Young Bradley reports terrible wind-storms that are drying up the wheat crops and seriously damaging all crops. The dust flies so badly that lamps are often lighted in the homes to enable the occupants to have sufficient light to see in the middle of the day.

Mrs. Bradley is glad they came to California nine years ago.

## AMUSEMENTS

A glittering, green and white butterfly is little Mizzi Hajos, the tiny prima donna of "The Spring Maid," the Viennese comic opera, which is to be produced at the Grand Opera House next Wednesday evening, May 8th, under the management of Ullm & Wyatt, and just as light and airy as one of these "winged blossoms," is this Hungarian maid whose lilting voice and dancing feet have captivated the pleasure-loving public of two continents.

"The Spring Maid" presents the spirit and rollicking Viennese fun in its action as well as its dialogue. There is opportunity for everyone of the long cast, to be humorous some of the time, and for many of the cast all the time, for the play is a love story fashioned from one of the merriest of Grimm's old German fairy tales, the last act of "The Spring Maid" abounding with wood nymphs and flitting rabbits.

The scene of "The Spring Maid" is laid at the famous spring of Carlsbad, where young and old, sad and gay, gather to quaff the health giving water. Here are found the attractive Spring Maids, who stand at the bubbling spring and hand the cups of warm water to all who wish a drink. It is around one of these Spring Maids that the operetta is woven.

To Carlsbad, at festival time, comes a Prince of Hungary, rich and powerful, debonair and careless, a youth whose cold dislike for the women of his own rank, and whose romantic attachment for the spring maids and the coy beauties of the middle class are known all over his country.

To Carlsbad, also, comes Princess Bozena and her doting father. The Princess, most aristocratic of the titled court, has scoffed at her flocking lovers, and yet she is a romantic maiden with dreams of the love to come.

Concealed from sight the Princess hears the Prince tell his friends of his dislike for the haughty beauties of his rank and of his admiration for the spring maids. He boasts that he will win the affection of one of the most charming of the spring girls, and wagers a dinner that she will not be able to resist his love-making.

This boast enrages the Princess, who declares that the Prince shall have the conceit taken out of him.

Firm in this determination she takes the place of the little spring girl the Prince has wooed. He will win, and in her plebeian costume stands at the spring in the public square with a saucy word and a cup of water for those who cluster about. Here comes her father, attracted by the crowd, and attempts to kiss her before he discovers her identity; here comes the Prince to win his wager.

In furtherance of her plan to punish the Prince, the Princess agrees to go with the Prince the next day to Bitterbrun, but as they start away she carries her father carefully disguised as the most comic of protective aunts.

At Bitterbrun she laughs at his love, evades his caresses and even drives her watchful "aunt" into the throes of a simulated fit that she may tantalize her now distracted lover. She flies from him into sentimental, the pouting, the mocking, the inviting, and when the Prince awakens to the fact that he loves this distracting little Spring Maid, and proposes marriage, she laughs at him and reminds him of his slaps. Before the village people she slaps his face and sends him away, only to find that he has taken her heart away from him.

Of course, there is a delightful ending to this attractive operetta, the last act being most attractive, with plenty of pretty spring maids and graceful dances.

No opera since "The Merry Widow" has created such a furore as "The Spring Maid," with its captivating melodies and graceful dances, and the demand for seats has already exceeded expectations.

## THE GOLDEN AGE AT HAND.

Scriptural Evidence That Are Astonishing—No One Can Afford to Be Without the Knowledge.

We do our friends a valuable service when we call their attention to the valuable book entitled, "THE TIME IS AT HAND," in which are given many Scriptural evidences to prove where we are on the stream of time.

"Men's hearts are failing them for fear" and many of the leading thinkers are proposing remedies to better conditions. The Scriptures assure us that man's extremity will be God's opportunity, and this book holds out an anchor to those who fear the wave of unrest now spreading over the world.

The honest heart confesses that it is at a loss for an explanation of transpiring events. While we refer to this as the BRAIN AGE and the AGE of ENLIGHTENMENT, nevertheless many realize that we are fast approaching a crisis which is wrapped in darkness owing to the present worldwide social, religious and political unrest.

As though by instinct the whole creation, while it groans and travails in pain together, waits for, longs for and hopes for the DAY, calling it the "GOLDEN AGE"; yet men grope blindly because not aware of the great Jehovah's gracious purposes. And to his wondering creatures, looking at the length and breadth, the height and depth of the love of God, surpassing all expectation. He explains: "My thoughts are not your thoughts, neither are your ways my ways, saith the Lord; for as the heavens are higher than the earth so are my thoughts than your thoughts." Isa. 55:8, 9.

Send 35 cents at once for the book. Bible and Tract Society, 17 Hicks street, Brooklyn, N. Y.

The Roy McKee ranch at Garden Grove has been purchased by Samuel Weiss of Los Angeles who has subdivided it into half acre, quarter acre and large town lots, and the entire subdivision will be offered at auction on Saturday, May 11.

Whitaker, one of the best known auctioneers in Southern California, has been engaged by Mr. Weiss to conduct this auction sale of lots, which in itself is an assurance of a square deal to all participants. Col. Whitaker has handled some of the largest auction sales in this section of the country, notably the Lankersheim ranch sale.

As a special inducement to get a large attendance the owner of the tract advertises to distribute free, one hundred pieces of Rogers plated silver to those who attend the sale. Free lunch and refreshments will also be served on the grounds and car fare will be refunded to all purchasers of lots.

## COLORS FLYING IN SAN JACINTO

Whole population surprised. Entire business district of San Jacinto aflame with flags, pennants and banners announcing the dawn of the New San Jacinto. Decoration takes place at night after closing hours. One feature of the display is an artistically colored banner, five feet wide and over fifty feet long, strung across the main street, bearing the words, "Welcome, San Jacinto Board of Trade." There are hundreds of pennants and flags fluttering from doorways and windows everywhere.

The recent water discovery and development at the foot of Mt. San Jacinto, near by, has aroused the whole country around. The great beauty and rare fertility of the valley dates back to the government's first geological survey, but like many other sections of the country in times gone by, the scarcity of water prevented its full development. The new water condition, however, has changed the entire situation. High-class farming in all of its branches is now possible upon every foot of these particularly choice lands.

Charles H. Seecombe, pastor. The pastor will preach both morning and evening. "Young Men's Sunday" will be observed in the evening, the subject of the special address being: "Opportunities for Young Men of Today." The morning sermon will be on "The Peril of Empty Hearts." There will be communion service and reception of new members. The choir will sing "The Lord Is My Shepherd," by McFarren, and "I Will Lift Up Mine Eyes," by Whitefield.  
Bible school at 9:45 a. m.; Intermediate Society at 6:15 p. m.

**First Baptist Church**  
Corner Church and Main streets. Rev. Otto S. Russell, pastor.  
The pastor preaches at both services. The morning subject is "The Vision of the Unveiled Face," and the music will be: Prelude, "Allegretto" (Goldmark); anthem, "Te Deum in B Minor" (Dudley Buck); tenor solo, "My Hope Is in the Everlasting" (Stainer) Mr. Benjamin; postlude, "Grand Chouer" (Guinman).  
The evening subject is "Son, Remember," and the music will be: Prelude, "Le Cygne" (Saint Saens); anthem, "The Day Is Past and Over" (Marks); gospel song, "My Father Knows" Misses Carol Van Cleave and Cecilia Graham. The ordinance of baptism will be administered at the close of the service.  
Sunday school at 9:45; Young People's Bible Study Class at 5:30, and C. E. societies at 6:15. Midweek prayer meeting Thursday at 7:30. A cordial invitation is extended to all to attend these services.

**First Christian Church**  
Corner Sixth and Broadway. Bible School, 9:45; Communion service and worship, 11. The Endeavor societies will meet at the usual hour. The evening service will be devoted to young men. The subject for that service is, "When I Become a Man." You are very earnestly invited to attend all of these services.

**First Presbyterian Church**  
Dr. G. L. Tufts, secretary of the Lord's Day Alliance, will preach at the morning service.  
In the evening the pastor will deliver an illustrated lecture upon Alaska.  
S. S. will meet at 9:45 and the C. E. societies at 6:30. The public is cordially invited to these services.

will be interesting to watch it. In the past few months, with its thrill and flip-flops, are any criterion to go by. San Jacinto will give an account of itself that will not soon be forgotten. The new resort hotel being erected by Mr. Vosburg on Central avenue, is going up rapidly. According to contract, it must be completed in one hundred days from date of beginning work.

The new electric light and power system, which circulates through the whole valley, has just been completed. The current will be turned on the first of the coming month. Mr. Knowlton's foreman says he expects to get two tons of alfalfa per acre at each of the seven cuttings this season from his hundred-acre ranch on Mountain avenue. Two hundred tons per single cutting would mean 1400 tons for the season, or \$28,000.00 for the crop, if the present price of \$20.00 is maintained. These figures would no doubt make the back East farmer dizzy, but to the California rancher it means only an average production where anything like correct methods are employed.

**Reformed Presbyterian Church**  
The usual morning and evening worship will be conducted by the pastor, Rev. G. N. Greer. Sabbath school, 10 a. m.; Christian Endeavor, 6:30 p. m.; Tuesday evening prayer meeting, 7:30 p. m.

**Bible Students**  
The International Bible Students' Association meets each Sunday in the G. A. R. Hall for Scripture study. At 1:30 p. m. "Under What Obligations are Christians and Others to Observe the Jewish Laws and Sabbaths?" At 2:45, "The Man of sin—Anti-Christ. Who, or What Is It?"

A subject of interest to all lovers of the Bible. All invited. Undenominational. No collections.

**Installation of Pastor**

Kleinlein will make his future home in Santa Ana, near Fifth and Ross streets.  
In the above announced service, Rev. Kleinlein will be installed by authority of the president of the Washington district of the Ohio Synod; also in the afternoon in Pasadena by the Rev. W. H. Seger of Pasadena. A general invitation is extended.

## Hill's Corner

Take notice of the efforts that have been heretofore made and is now being made to so arrange the matter that there shall be but one telephone system in Santa Ana and thereon would "speak right out in meetin'."

We well remember the scandalous treatment we received from the Sunset people before the Home Company came here and we have no good reason for believing that we would have had any improvement in that respect if some other company had not come in.

It is not necessary to tell those who were here before the Home Company came, of the exasperating treatment we then received from the Sunset people (now known as the Pacific Co.) and we have not the time to tell the other people who came here after the Home Company put up their wires, of their misdeeds—we would prefer to forget the insulting indifference with which our complaints were then received but, as the burnt child fears the fire, so we fear that if but one company is to receive the patronage of the people and it should be that the "Sunset" was to be selected as that one, we would shortly thereafter, be somewhat in the position of the boy that spit in the school marm's face.

## WILL PROVIDE SECOND JUDGE

Governor Johnson to Send a Man Here to Help Out in Trial of Cases

Stock's Sister Says Stock is Insane and Cites Hallucinations of Riches

Superior Judge West has laid before Governor Johnson the crowded condition of the superior court calendar, and the Governor has stated that he will designate a judge to be sent here to sit for six weeks. The probability is that court will be held in the room of the Board of Supervisors by one judge while the other sits in the courtroom.

Judge West has been setting many cases with the expectation that he would get another judge to aid him. Yesterday Judge West disposed of thirty-five matters that came before him in the superior court. Disposal in many cases was a continuance.

**Swears to Complaint**  
Mrs. Greta Bennett of Long Beach today swore to a complaint charging her brother, P. R. Stock, convicted of a felony, with insanity. Judge West set Monday morning as the time for the examination of Stock as to his sanity and 2 o'clock Monday afternoon

as the time for passing sentence upon Stock.

Stock's attorneys are Dick Harding and J. Howard Bell. The complaint states that Stock has hallucinations, that he believes he has gold hidden in the mountains in Arizona, in the mountains near Ukiah and on the roof of the Hotel Glenwood at Porterville, that he has lands in Texas and Tulare, an estate in England and money in banks and that he is the owner of live stock.

That Stock had told one or two attorneys some stories about wealth is well known at the courthouse, and it was thought that he was passing out the stories as bait to get legal assistance.

Stock was convicted of giving a \$500 check to the First National Bank of Anaheim when he had no credit at the First National Bank of Los Angeles, on which bank the check was drawn.

This morning Attorney Bell argued a motion for a new trial. He alleged that while the prosecution had shown that Stock had no credit in the Los Angeles bank it had not shown that he had no arrangement to honor his checks. Judge West held that an arrangement would be credit. The motion for a new trial was denied.

**Sample Ballots**  
County Clerk Williams has mailed 11,769 sample ballots for the presidential preference primaries of May 14. These ballots go to Republicans and Democrats. No accurate figures have been kept, but it is estimated that there are over 7000 Republicans entitled to vote on May 14 and over 4000 Democrats.

**Licensed to Wed**  
A marriage license has been issued in Los Angeles to Augustine A. Glippon, 24, of Oakland, and Ethel L. Squier, 23, of Tustin.

## MAN WHO CHASED NELSON WITH KNIFE PAID FINE OF \$50

Ramon Vega was tried in the justice's court yesterday afternoon on a charge of attacking Chris. Nelson, a San Joaquin ranch beet grower. Nelson had trouble with a gang of Mexicans who had agreed to thin his beets at \$4.50 an acre, but failed to put on enough laborers to do the work. He paid off the contractor, a woman. Later Vega attacked him with a beet knife, but Nelson escaped. Vega was defended by Attorney Tarver. This morning Vega was fined \$50, which he paid.

During the examination of a witness who had asked for an interpreter because he could not understand English, Attorney Tarver asked in English:

"Can't you understand a thing said to you in English?"

"Not a bit," replied the witness, Enrique Echoa, in English.
